

Zfx is a leading company in the field of dentistry and with over 25 years of success and experience. Since 2010, Zfx has been part of the stock based ZimVie Inc. group, a US medical device company that is one of the world's largest dental suppliers.

To support our R&D team at the development site in Gargazon (Bahnhofstrasse 22, 39010 Gargazon - Italy), we are looking for:

CNC / CAM Developer (m / f / d)

Your profile

- Graduates of the technical school for metal or the trade high school specializing in mechanical engineering / mechatronics or comparable
- Knowledge of CAM programming (ideally hyperMILL / hyperDENT) and the selection of suitable CAM strategies for machining operations
- Experience as CAM technician with 5-axis simultaneous milling machines

Principal Duties and Responsibilities

- Development and optimization of milling processes for our CNC machining systems (CAD/CAM systems)
- Optimization in machining, tool selection and CAM programming

Our offer

- Varied range of tasks
- Latest equipment and technologies
- Unlimited employment contract with performance-related pay and annual bonuses
- Flexible working hours (no shift work and weekend work) and free vacation planning
- Meal voucher
- Development opportunities in an international environment

Are you looking for an exciting challenge in an innovative and international company?
Then send us your application to jobs@zfx-dental.com
